

KEY THEMES

Following the engagement exercises the results were analysed and discussed by the group. Key themes have emerged which the plan will focus on. These are:

HOUSING

Ensuring that new housing meets the needs of local people and is designed so that it responds to the character of its area

COMMUNITY FACILITIES

Protecting existing community facilities and green spaces and supporting their improvement or the development of new facilities to meet future demand

MOVEMENT & TRANSPORT

Promoting sustainable transport methods, providing design guidance for parking, improving the pedestrian and cycle network

VILLAGE CENTRE

Encouraging improvements to the appearance and functionality of the Tanyard, design guidance for shop fronts, limiting the number of pubs and bars.

GENERAL POLICIES (DESIGN, HERITAGE)

Requiring high quality design through the parish, protecting historic & heritage assets.
